

Title IV

The Student Support and Academic Enrichment (SSAE) program is used to improve student academic achievement by increasing the capacity of States, local educational agencies, schools, and local communities to: 1) provide all students with access to a well-rounded education; 2) improve school conditions for student learning; and 3) improve the use of technology to improve the academic achievement and digital literacy of all students. These funds are used at all three schools to purchase instructional supplies and or equipment that meet the allowable purchases guidelines.
